2024 Lamon Memorial Scholarship

\$1,000 Scholarship Award for a Yuba or Sutter County Construction Career Student who exemplifies the spirit of the Lamon brothers, Henry, John & Grady.

Dear Scholarship Applicant:

The Valley Contractors Exchange (VCE) is pleased to recognize one of our founding companies by providing the \$1,000 Lamon Memorial Scholarship Award.

Lamon Construction Co. is a well-known Yuba/Sutter company. Locals especially remember Lamon Construction for its work on the spire of the St. Joseph Catholic Church. That work saved the historic steeple, which is the tallest structure in Marysville.

Grady Lamon graduated from Marysville High and UC Berkeley. He served a term on the city council of Marysville, including one year as Mayor.

Henry Lamon was a public servant as well, serving three terms on the Yuba City Council, presiding as Mayor and acting as a trustee to the mosquito district until he died in January 2005.

John Lamon attended Marysville schools and graduated from UC Berkeley as well. Among his many community endeavors was over 20 years of service on the board of the Fremont-Rideout Hospital Group.

This scholarship will be awarded to a Yuba/Sutter resident and construction-career student who exemplifies the Lamons' dedication to their community and the industry.

The award is open to students who meet the following criteria:

- College junior and above pursuing a construction-related career;
- Resident of Yuba or Sutter County;
- GPA of 3.0 with 48 cumulative units completed and at least 12 of those in a chosen construction-related field by the end of the Spring 2023 semester;
- Enrollment in the Fall 2024 semester.

The application must be turned in by 5:00 p.m. on April 12, 2024, and must be accompanied by:

- A certified transcript of college grades
- Documentation of involvement in extra-curricular activities that benefit the community

The Scholarship Committee will review the applications received and select the finalist.

Sincerely,
Amy Rohrer
Executive Director

P.S. The VCE offers regular scholarships for construction students in addition to this special scholarship. Students who qualify are encouraged to complete both applications.
